REACHING THE UNCHURCHED

TWELVE DYNAMICS FOR IMPACT

More than 35 years of church consultations and 15 years of immersion excursions to England have informed Kent R. Hunter and Tracee J. Swank what will prepare churches for a turnaround revival in North America.

Hunter and Swank have identified a process to increase spiritual health and vitality and increase churches' effectiveness in reaching the unchurched.

You will learn specific, practical ideas that may be implemented in your church to help reach the unchurched.

PRESENTED BY CHURCH DOCTORS TRACEE J. SWANK AND KENT R. HUNTER.
