“Finding Them. Training Them. Sending Them.”

Where is your mission field? Who is your mission? How do we become the “sent” people God has called us to be? This teaching experience will explore how to find, train, and send out Christians equipped to be disciples who make disciples who make disciples. This teaching is based on the October 2018 LCMC Annual Gathering presentations by Kent R. Hunter and Tracee J. Swank.

“Reaching the Unchurched”

Based off the book *Who Broke My Church? 7 Proven Strategies for Renewal and Revival*, this teaching experience provides practical strategies on how to reach unchurched people, become a missionary to your own social network, and be a disciple who discipled others. Learn about God's plan for growing His church and reaching lost people.

“Your Spiritual Gifts”

Every single person has a special and unique set of gifts - right from God. Do you know yours? This teaching experience will help you better understand the spiritual gifts God gives and how focusing on each person using their gifts can have a significant impact in the culture and spiritual health and vitality of your church.
